Dear Dustin,

I wanted to take this opportunity to thank you for your contribution to Neptune's 2009 Family Day. Your ideas and enthusiasm were invaluable to engaging the participants.

Your ability to garner and hold the audience's attention was particularly helpful throughout the day and various performances. Thanks to your participation during the planning stages and your supreme showmanship during the event, our employees were treated to a successful, fun-filled day of sharing, laughter and entertainment.

Sincerely,
